HOW TO PLAY (IMPORTANT)
==========================================================================

NOTE: This game requires a password and a valid save file to play.

If playing with an emulator, BE SURE TO LOAD THE INCLUDED SAVE FILE (DSCDP_CRUJN6_00.sav) before playing!

Once the game and save file are loaded:

1. On the main menu, select the option #1 at the top of the screen (パスワード入力, lit. "Password Input")
2. On the first input (crew ID number) screen, type in "482500" and press the pink 'COMPLETE INPUT' button at the bottom of the screen.
3. On the second input screen (six-digit password), type "482500" again.

And you're in! Be sure to hang on to this password, and you can explore the game to your heart's content.
